ED SNIDER
YOUTH HOCKEY & EDUCATION

BUILDING LIVES AND UNITING COMMUNITIES

IMPACT REPORT
A MESSAGE FROM OUR PRESIDENT/CEO

Ed Snider often asked me: “What more can we do?” He invariably followed up this question with a familiar call to action: “You see so many kids in our city failing in school, committing violent crimes, going to jail, doing drugs…how can we not do more to help?”

We’ve responded by doubling down on our commitment to DEEPEN OUR SERVICES AND BROADEN OUR REACH!

MORE for our students…MORE for our families…MORE for our community!

We’re providing our youth with MORE educational support, MORE scholarship opportunities, and a MORE comprehensive life skills program - all of which help ensure the social & emotional development of boys and girls, while empowering them to be physically and mentally healthy - ready to become productive citizens. Our programs have deepened to include a continuum of care and support for our students, families, and communities through advocacy, early intervention at the first sign of trouble, crisis counseling, prevention, and long-term services.

As you will discover within this Impact Report, we’ve added MORE college and private secondary school scholarships, MORE opportunities for leadership development, MORE workforce internships, and have built a pathway for MORE of our student-athletes to join the workforce and launch successful careers.

We’ve broadened our outreach and access within our communities via the delivery of crucial services, which include out-of-school-time programming and mentoring. And - it’s important to note - these services are provided not just to Snider families but to our communities at-large.

I think Ed would be pleased by our response to his call for MORE.

Scott Tharp, President/CEO
Ed Snider Youth Hockey & Education
OUR CORE VALUES

These six Ed Snider Youth Hockey & Education core values are foundational to our long-term success:

ACCOUNTABILITY
Take ownership of our commitments to ourselves, team, and community.

EXCELLENCE
Never settle for less than our best. Encourage staff and participants to always strive for excellence in all facets of their daily lives.

INCLUSIVENESS
Build a meaningful community by welcoming people from all racial, ethnic, socioeconomic, and cultural backgrounds.

INTEGRITY
Do the right thing, even when nobody’s watching.

OPPORTUNITY
Enable youth to explore new experiences, learn new skills, face challenges, and reach their full potential.

TEAMWORK
Honor one another knowing that all of us are better than just one of us.

Repositioning to Amplify Impact

In 2022, the organization went through a strategic evolution, unveiling a new name and logo to strengthen the mission statement. The foundation has amplified its commitment to academic achievement by changing its formal name to Ed Snider Youth Hockey & Education and adding a graduation cap to its signature stickman logo.

OUR MISSION: To create opportunities for under-resourced youth of the Greater Philadelphia Region to prosper in life

OUR VISION: Building Lives and Uniting Communities

Snider is an out-of-school time program that positively impacts the life trajectories of Philadelphia youth through daily age-based sessions that include: academic support; hockey; fitness training; life skills lessons; postsecondary readiness; and career exploration.
OUR MODEL: AGE-BASED DELIVERABLES

Snider deliverables support the changing needs of our students as they advance through their stages of life, targeting windows of opportunity where long-term impact will be achieved.

Ages 5-9 **PLAY TO LEARN**
Children are welcomed into a nurturing environment where they learn how to skate and play ice hockey. They gain confidence, develop social & emotional learning skills, make friends, and are inspired to embrace a lifetime love for reading.

Ages 10-14 **COMPETE TO GROW**
Youth learn from being part of a team; competition is used to accelerate positive character development. As school becomes more intensive, Snider helps youth navigate through changes and prepare for high school. Accountability and respect are emphasized during this stage.

Ages 15-18 **LEARN TO LEAD**
Competitive hockey helps teens learn to manage emotions that accompany stressful situations. Students receive direct support/guidance to navigate high school and postsecondary education. Students build employability skills and form a strong self-identity.

Ages 18+ **PARTNER TO SUCCEED**
High school graduates are given assistance to launch and complete postsecondary plans and build a pathway to successful careers.

**MEASURING OUTCOMES:** To measure evidence-based outcomes, Snider utilizes a *Theory of Change* methodology that allows us to evaluate select indicators related to specific organizational goals and objectives. The *Theory of Change* is our North Star, guiding strategic choices about where Snider is best positioned to impact students.
GAME CHANGERS: 
ON & OFF THE ICE

50% of staff are Program Alumni who have returned to the organization and teach Snider core values to a new generation of youth.

Snider’s staff fosters whole-child development and includes:

- **Neighborhood Leaders** serve as liaisons between neighborhoods and programs and lead recruitment efforts in their community.

- **Rink & Age-Based Coordinators** at each program site are dedicated to providing impactful programming at every stage of life.

- **A Full-Time Scholarship Team** is devoted to helping our students achieve both secondary and postsecondary success.

- **External Resource Support** includes a team devoted to the research and compilation of data necessary to evaluate and measure the success of our programs. A full-time Community Resource Specialist is able to connect students and families with appropriate services that may be outside of Snider’s expertise.
The After School Excellence & Postsecondary Prep Programs focus on educational enrichment initiatives, life skills, career exploration, and service learning and are complemented by a first-rate hockey program. Hockey is just the “hook” used to foster academic success, personal development, and citizenship. Programs are delivered to 1,900+ students and 130+ Alumni at no cost.

**ACADEMIC SUPPORT**
Educational services are a priority. Homework Help, Targeted Grade Boost, and Reading Challenges are proven to keep youth on track for on-time graduation.

**SECONDARY & POSTSECONDARY COUNSELING**
Counselors are assigned to each student for individualized support throughout their academic careers. Support services at both the high school and college level help students optimize financial aid opportunities. Students are given guidance on selecting schools that...
are best suited for their respective wants and needs.

- To date over $8,000,000 has been invested in scholarships earned by Snider students at partner high schools and colleges.
- **300+** individual students have received scholarships to attend high-performing high schools or colleges, preparing them for postsecondary life, and relieving them of carrying the burden of debt - a clear driving factor in emotional well-being and academic success.

**HOCKEY & FITNESS**
A player development model includes Learn to Skate, Learn to Play, Snider Hockey League (SHL), and Travel Hockey. Introductory and skill sessions, and competitive games occur daily. The SHL is an intra-city league where teams from different neighborhoods compete in spirited competition.
- Touchpoints are one method of scoring program participation. A total of 38,000 touchpoints are accumulated each year.
- **25** teams of various competitive levels across five sites compete throughout the season.
- **100%** of our students get the recommended daily 60 minutes a day of physical activity.

**LIFE SKILLS & LEADERSHIP**
Lessons are blended into hockey practices; coaches lead intentional conversations tailored to each age group. Students acquire critical life attributes that aren’t taught in a classroom.
- On average, **70** Junior Coaches annually complete over **100** hours of service-learning.
- Coaches are trained to deliver team activities designed to facilitate group discussion and advance character development.

**CAREER EXPLORATION**
Students gain access to unique learning opportunities and learn marketable, job-embedded skills, while networking with partner organizations.
- Internships are facilitated with Comcast, Comcast-Spectacor, Exelon, J. Wood Platt, partnering Universities, and more.
- **10+** career-focused sessions are offered annually.

**SOCIAL & EMOTIONAL SUPPORT**
Individualized support is available for those navigating troublesome situations. A Community Resource Specialist monitors, evaluates, and connects students to appropriate intervention services.
- Collaboration with **35** nonprofit organizations assure that Snider families have access to critical services.
- More than **180** families have received support from Snider’s Community Resource Specialist.
SNIDER SCHOLARSHIPS
Enabling Dreams: Funding Futures

Snider provides scholarships for deserving students to attend secondary and postsecondary institutions.

HIGH SCHOOL
Breakaway Scholarships cover scholarships to Snider’s vast network of high-performing private and vocational secondary schools. Advisors guide eligible middle school students throughout the application process.

Since the program inception in 2016, 370+ scholarship years have been funded by Snider. An average of 50 students are Breakaway Scholarship recipients each year.

POSTSECONDARY
The Goals & Assists Postsecondary Scholarship Program aims to help Snider students, who may not have previously considered education after high school as an achievable option, receive the support they need to complete a postsecondary degree. In partnership with nine universities and trade schools, Goals & Assists awards recipients with scholarships to cover tuition, room and board, and fees. Students also benefit from leadership development opportunities and ongoing mentoring from the Snider Education team to ensure they remain on track for four-year graduation.

To date, Snider has awarded 198 Goals & Assists scholarships.

Game Ready Scholarships provide Snider Alumni with a $1,500 annual scholarship to help defray the cost of books, tuition, and other expenses related to attending colleges outside of the Goals & Assists networks. This award is given annually to every eligible Snider student throughout their postsecondary career.

815 semester awards have been distributed since 2016.

Snider Hockey Over Time (SHOT) Scholarships foster and support a student’s love of hockey. This scholarship covers costs associated with playing club hockey at the collegiate level.

85 SHOT scholarships have been awarded since 2018. On average, 14 student athletes receive SHOT Scholarships each year.
Snider’s Track Record: Proven Effectiveness

Access to Enriching Activities: Such access is highly dependent upon family income; only 59% of school-aged children from low-income families are financially able to participate in sports, compared with 84% of children from wealthier families (those with annual household income of $75,000 or more).

*At zero cost to families, Snider provides out-of-school safe havens that foster academic success, physical fitness, citizenship, and valuable life skills for thousands of youth since 2005.*

On-Time Matriculation: The overall four-year high school graduation rate in Philadelphia is reported to be 75%, but this rate falls to just 56% of designated “off track” ninth graders who largely come from the communities that we serve.

*99% of Snider students graduate high school on time.*

Chronic Absenteeism: An alarming 46% of all Philadelphia School District students are “chronically absent,” meaning they missed more than 10% of their school days.

*Snider advisors track students’ school attendance. 88.5% of Snider youth attend 90% or more of instructional days; with just 11.5% missing more than 10% of their school days.*

Continuing Education: Just 48% of Philadelphia high school graduates enrolled in post-secondary education the following fall.

*75% of Snider graduates enroll in postsecondary education.*

Postsecondary Readiness: All schools within the School District of Philadelphia have a School Progress Report (SPR) score that measures performance in academic achievement, progress, school climate, and college and career readiness. According to the School District, schools with a score from 25-49% need “intensive support to improve.”

On average, Philadelphia high schools received an overall SPR score of 44%.

*To increase the mentoring and guidance available to students, Snider students are assigned a counselor who helps prepare them for the rigors of college as early as 6th grade. Mentors continue to work with them through graduation.*
TOGETHER, OUR IMPACT IS IMMEASURABLE

Meet Some of Our Outstanding Alumni

MARYAM BELGRAVE, Duke University ‘24
- Seeking B.S. Computer Science
- Undergraduate Student Researcher & Course Designer at Duke University
- Volunteer Teaching Assistant at Girls Who Code

KASEIR ARCHIE, Drexel University ‘20, Howard Law ‘25
- J.D. Candidate at Howard University School of Law
- Bachelor of Business Administration (BBA)
- Friends of Snider Leadership Committee Member

JASMINE MASINO, Villanova University ‘25
- Seeking B.S. Civil Engineering
  “I am driven to increase female representation in the STEM field and in male-dominated sports, and motivated by my identity as a first-generation college student.”

VICTORIA MALONEY, Neumann University ‘22 & ‘23
- B.S. Business Administration, M.S. Sports Administration
- Associate Financial Analyst at Exelon
- Snider Girls Programming Coach

ZACH MARTIN, Atlantic Cape Community College ‘23
- Culinary Arts & Food Service Management
- Completed a Culinary Internship at the Grand Hotel in Rimini, Italy

ROBERT CROSSFIELD, United States Military Academy at West Point ‘23
- United States Army Field Artillery Officer

VIRLEN REYES, West Chester University ‘13
- B.A. Philosophy
- Pledged $5,000 annually to Scholarship Programs
- Inaugural Ed Snider Youth Hockey & Education Scholar
- Friends of Snider Leadership Committee Member

ISA ABDUL-RAHMAN, Elizabethtown College ‘23
- B.S. Graphic Design
- Works as a Motion Graphics Coordinator for the Lehigh Valley Phantoms, while assisting Snider part-time in a Graphic Design capacity

NICOLE DEYOUNG, Saint Joseph’s University ‘26
- Seeking B.S. Neuroscience
- Pre-Med Track
  “Snider blessed me with the Goals & Assists Scholarship, enabling me to attend Saint Joseph’s University to study neuroscience on near full scholarship.”

JASMINE MARTINEZ, Neumann University ‘22 & ‘23
- B.S. Sports Management, M.S. Sports Administration
- Inaugural Comcast Spectacor/Ed Snider Leadership Fellow
  “If it wasn’t for the organization, I wouldn’t be where I am today”
- Started playing through Snider at age 5.

Hear More from Students
Snider Distributes More Than 175 Thanksgiving Meals
Snider distributed over 175 turkeys and Thanksgiving dinner items to under-resourced Philadelphia families who need it most. With each meal large enough to feed a family of six, 1,050 total individuals were impacted by the giveaway.

U.S. Embassy Ottawa & Embassy of Canada Partners With Snider
Over 20 Snider students attended a career panel at the Wells Fargo Center featuring a group of foreign ambassadors. Members from U.S. Embassy Ottawa and the Embassy of Canada to the U.S. shared their career experiences, answered questions, and networked with students.

Brandon Graham Shares With Philly High School & College Athletes the Power of Choices in Sports
“It’s all about how you talk to yourself, how you motivate yourself,” the veteran DE told students at an Ed Snider Youth Hockey & Education “Fit to Lead” event at Neumann University.

Student-Athletes Skate At White House
It was a historic day for 30 Snider students as they traveled to Washington, D.C. to tour the National Mall and were granted the opportunity of a lifetime to skate on the South Lawn of The White House.

Ed Snider Youth Hockey & Education, the Flyers, and Flyers Charities Open New Street Hockey Rink in Kensington
The project expands Snider’s year-round structured recreational, academic, and life-enrichment services and amplifies its commitment to the surrounding community. “We’re so excited to get this started and to be able to enhance and deepen the services we provide to the children, youth, and families of this neighborhood,” Snider President/CEO Scott Tharp said.

The Philadelphia Inquirer
Neumann University Teams Up With Snider
Neumann University President Dr. Chris Domes and Snider President/CEO Scott Tharp announced plans to build a multi-million-dollar ice hockey arena on the Neumann campus. The new building, called the Ed Snider Ice Arena, will include two ice rinks, one for Neumann’s ice hockey teams and another rink will be designated as the official home for Snider programming for over 300 new students. The collaborative effort will expand educational programs for under-resourced youth, while honoring the legacy of Ed Snider.

Snider Alumni Game Welcomes Home 100+ Students
The 10th Annual Snider Alumni Game took place in December 2023 at the Class of 1923 Arena. Over 100 Ed Snider Youth Hockey & Education Alumni spent the evening competing in two on-ice games and mingling with teammates, friends, and staff.

See Details About These & Other Life-Changing Opportunities
Ed Snider Youth Hockey & Education’s open enrollment policy reflects the diversity of the Greater Philadelphia Region. We ensure that our youth have the opportunity to develop a passion for the game of hockey, regardless of demographics, zip code, or socioeconomic status.

Philadelphia Parks & Recreation: A unique private/public partnership has given Snider a long-term license to operate its programs at the City of Philadelphia’s public ice rinks. Snider continues to invest resources to ensure a first-rate rink experience.

The Inspiring Our Youth mural by Jared Bader and Mural Arts Philadelphia was unveiled at 10th and Snyder in South Philadelphia in October 2019. Spanning the entire city block, the mural celebrates the life and legacy of our founder, Ed Snider.

MEET OUR FOUNDER

Ed Snider was the iconic founder of the Philadelphia Flyers, an entrepreneur, a philanthropist, a risk-taker, and a true visionary in the sports and entertainment industry. He was widely respected and admired for his passion, vision, and ability to lead others.

Ed cared deeply about children, whom he saw as the leaders of tomorrow who will be entrusted to build a better future for our society. One of Ed’s proudest accomplishments was the creation of the Ed Snider Youth Hockey & Education in 2005.

Prior to his passing, Ed wrote, “After witnessing what goes on today . . . I always thought, ‘what can I do?’ There were all kinds of groups trying to help these kids. What could I do to try and help them? And . . . I felt that I could do it through hockey, and that’s why I started Ed Snider Youth Hockey & Education. My commitment to the Ed Snider Youth Hockey & Education is unwavering.”

“This program will one day produce an NHL player - of this, I am sure. And this will be great! But - more important are the thousands of kids that come through Ed Snider Youth Hockey & Education who have learned the importance of staying in school, staying out of trouble with the law, and turning out to be productive citizens in our society.” – Ed Snider
HOW WE ARE FUNDED

ED SNIDER’S 2:1 MATCH
Prior to his passing, Ed Snider had the foresight to create a Supporting Organization to continue his policy of matching all donations 2:1 - a rarely seen return on investment for Snider stakeholders and supporters. All funds raised are matched 2:1 by the Supporting Organization.

LONG-TERM, BROAD-BASED SUPPORT
The organization consistently fosters long-term, broad-based support for program development to advance its mission. Funding comes from private donations, foundation grants, corporate contributions, and public support - all of which is subject to the 2:1 match. Sustaining current revenue streams, while aggressively developing new funding opportunities, allows us to expand annual operating budgets.

The foundation has experienced robust growth. Snider’s operating budget has expanded from $400,000 to $9 million since its inception in 2005.
